Online Seminar

The Foundation for European Progressive Studies ([FEPS](#)), the Friedrich Ebert Stiftung ([FES](#)) and the Institut Emile Vandervelde ([IEV](#)), in partnership with first-rate knowledge organisations, have built a structured network of experts to monitor the implementation of National Recovery and Resilience Plans and assess their impact on key social outcomes. Fact- and data-based evidence will sharpen the implementation of national plans and instruct progressive policymaking from the local to the European level.

The research part of the **Recovery Watch** is available at: www.feps-europe.eu/theme/recovery-watch
