

Inequality and the top 10% in Europe

Online Presentation

23 September 2020

10.00 (GMT+1)/ 11.00 (CET)

FEPS

FOUNDATION FOR EUROPEAN
PROGRESSIVE STUDIES

This event marks the launch of a 4-country study on the **financial position and attitudes towards inequality amongst the top 10% of income earners** in four European countries: The UK, Spain, Sweden and Ireland. Given the high participation in conventional politics and the strong political influence of the top 10%, it is vital to understand the economic position and perceptions on inequality held by, not just the top 1%, but the remaining segment of the top 10% if structural inequality is to be realistically addressed by policy makers.
