Turkish Diaspora in Europe: Integration, Migration and Politics

Wednesday, 10 February 2021, 16.00-17.15 CET via Zoom.

PROGRAMME

Select experts will discuss the findings and political relevance of our recent public opinion survey of the Turkish diaspora in four European countries: Germany, France and Austria and The Netherlands. More than 5 million people of Turkish descent live in Europe outside Turkey itself. The poll, authored by Alan Makovsky, Max Hoffman and Michael Werz, casts light on the Turkish diaspora views on European host countries: how they identify with Turkey, and how they perceive crucial issues of integration, migration, and politics.
