REWRITING THE RULES OF THE EUROPEAN ECONOMY

In his recent publication, a report edited by FEPS, Joseph Stiglitz outlines a new set of rules for economic, political, and social governance in Europe that would help to recast a prosperous and equitable EU marked by peace and solidarity within the context of globalization. In order to improve economic performance and create shared prosperity, the rules of the European economy – broadly understood the fundamental policies governing the EU – must be rewritten.

WELCOME

Edeltraud Hanappi-Egger, Rector of WU Vienna

Ulrike Schneider, Chair of the Department Socioeconomics at WU Vienna

Ernst Stetter, General Secretary of the Foundation for European Progressive Studies (FEPS)

KEYNOTE

Joseph Stiglitz, Chief Economist and Senior Fellow, Roosevelt Institute;

Professor at Columbia University; author of the report "Rewriting the Rules of the European Economy"

COMMENT

Margit Schratzenstaller, Deputy Director of the Austrian Institute of Economic Research (WIFO); co-author of the report

MODERATION

Maria Maltschnig, Director of the Karl-Renner-Institut

The discussion will be held in English.
